

World Sustainable Energy Days

27 February – 1 March 2019, Wels/Austria

World Sustainable Energy Days (WSED)

31 januari 2019

The new Clean Energy Package is changing Europe's energy markets. "Energy efficiency first" and "global leadership in renewables" are at the core of Europe's commitment to a clean energy transition. This requires strong policies, competitive businesses, technology innovation and investments. The WSED conference address policies, innovation and business in specialised conferences and interactive events. It connects people from business, the public sector and research and empowers them to embrace the change.

In 3 days, the event offers delegates:

6 dedicated conferences, including the European Energy Efficiency Policy Conference, the European Pellet Conference, the Industrial Energy Efficiency Conference and the Smart E-Mobility Conference
technical visits to innovative energy projects
a major tradeshow on building efficiency and renewable energy with 1,600 exhibiting companies

Who attends the event?

A wide range of business actors engaged in the energy transition: technology and equipment companies, energy companies, service providers, planners, developers, financing sector etc.
the sustainable energy research community
representatives from public bodies (e.g. EU institutions, national, regional and local governments, energy agencies)

Over 600 experts each year from more than 60 countries!
